PEACE IN  
SIGHT IS  
FEELING  
IN BERLIN

Belief Prevails That if  
Strong Neutral Nation  
Like U. S. Should Act  
It Might Come About

PRESIDENT TO MAKE  
OFFER, SAYS RUMOR

French Minister Asserts  
That Entente Allies  
Are Determined to  
Break German Sword

By CARL W. ACKERMAN.  
The following despatch prob-  
ably is the frankest discussion  
of peace rumors circulating in  
European capitals that has yet  
passed the German censors:

BERLIN, May 19.—There is a  
feeling here that if a strong neu-  
tral nation, such as the United  
States, undertook to negotiate  
peace, it might succeed.

Diplomats regard the recent  
statements of President Poincare  
of France and Foreign Minister  
Grey of England as the opening  
guns in informal peace discus-  
sion, although the expressions of  
the allied leaders, when ranged  
alongside the German chancellor's  
recent Reichstag speech, do  
not appear altogether conciliatory.

The Dutch think it is Amer-  
ica's duty to act now. The time  
is ripe for bringing the belliger-  
ents together, they believe. One  
diplomat said that if peace talk  
continues for a few months each  
side will learn enough of what  
the other wants to bring peace  
next October.

OFFENSIVE EXPECTED.  
In Holland the impression is  
that Premier Asquith and Im-  
perial Chancellor von Bethmann-  
Hollweg might make peace, but  
that President Poincare and the  
Earl Kitchener-Lord Northcliffe  
group is most anxious to continue  
the war. It is said that the war  
group in England expects Amer-  
ica to become involved with Ger-  
many over the submarine issue.  
As long as there is a chance of  
the United States becoming in-  
volved this group thinks that  
England should continue the war.

DUTCH FRIENDLY.  
The Dutch are most friendly to  
the United States, desiring Amer-  
ica to lead the way to peace. It  
was surprising when the Dutch  
asked me when the German re-  
volt over food would start.

Although food is short and the  
shortage may increase, the new  
government regulations prevent  
food demonstrations and provide  
livable rations. Nothing like the  
Irish rebellion is likely here.

WASHINGTON, May 19.—Dis-  
cussion of the possibility of an  
early restoration of peace in Eu-  
rope and of plans to prevent war  
in the future was given added  
impetus among diplomats and  
officials here today by an an-  
nouncement at the White House  
that President Wilson had ac-  
cepted an invitation to speak  
either Friday or Saturday of next  
week before a meeting of the  
League to Enforce Peace, of  
which former President Taft is  
president.

OFFER EXPECTED.  
The President will not offer to  
mediate, neither will he make  
any attempt to force a negotia-  
tion which might be considered im-  
portant to either group of bel-  
ligerents. The feeling in official  
and diplomatic circles is that  
peace is further away today than  
it has been for some time. A feel-  
ing that appears through the  
world's capitals that Germany is  
most anxious for peace. The al-  
lied countries regard this anxiety  
as based on necessity. This is  
likely to make the allies go to  
the limit in the hope of crushing  
Germany, making their terms so  
harsh that they cannot be ac-  
cepted.

The best information here is  
that Germany does not face the  
necessity for an immediate peace.  
The President is said to believe  
there is no hope for peace until  
after the allies launch their ex-  
pected major offensive.

FIGHT TO END.  
PETROGRAD, May 19.—"The  
allies stand solid for a final  
fight. They intend to break Ger-  
many's heavy sword. They owe  
this to unborn generations."

This is the answer to Berlin  
peace talk given today by French  
Minister of Justice Viviani, who  
is here on a diplomatic mission.

"I am not qualified to speak of  
Germany's intentions," he said.  
"Our allies are more com-  
petent than at any time and it is  
growing stronger, both in armament  
and men. It is steadily  
forcing Germany's chastisement.  
She will make full preparation for  
what she has done. None of the  
allies will negotiate a separate  
peace."

"Traitor," Mayor  
Calls Senator

Probing of N. Y. Police  
Work Scored

NEW YORK, May 19.—Mayor  
Mitchell, in a statement issued  
from his office today, accused  
Senator George F. Thompson,  
chairman of the legislative com-  
mittee which has been investigat-  
ing wire-tapping activities of the  
police, of treachery to the  
United States, because of his at-  
tempt to investigate the tapping  
of the telephones of the num-  
bers-dealing firm of Seymour &  
Seymour.

This statement was issued  
after Chairman Thompson had  
announced that the inquiry into  
the wire tapping would be con-  
tinued at today's session, although  
in executive session. Thompson  
told Corporation Counsel Lamar  
Hardy, representing Mayor  
Mitchell, that "there is not now  
and never was a question of in-  
formation interest involved in the  
case." This was after Hardy  
had protested against further in-  
quiry into the Seymour case on  
the ground that the national in-  
terests were at stake if publicity  
were given to the case.

Senator Thompson, prior to  
this, had said there was no evi-  
dence that federal authorities  
were connected with the wire  
tapping, asserting that it was  
done by the Burns detective  
agency, representing J. P. Mor-  
gan & Company, with whom  
Seymour & Seymour had dealings  
in regard to ammunition contracts.

"Install," said Hardy to the  
chairman, "that there is national  
interest involved and I defy you  
to show to the contrary."

"This committee is prepared to  
go on with its investigation and I  
don't think it proper that there  
should come from any source the  
imputation that the investigation  
is interfering with questions in-  
volving the national government,"  
said Chairman Thompson.

Chairman Thompson an-  
nounced that at the executive  
session Police Commissioner  
Woods, District Attorney Swann  
and three persons who had de-  
scribed in the Seymour case, were  
active in furnishing millions  
of dollars worth of confidential in-  
formation, would be called.

"I insist," said Hardy to the

PETERSEN, QUESTIONED, SAYS THAT LID WAS OFF  
ATTEMPT TO REINSTATE WOODS; CROWD BOOS

Here they are, in peaceful mood:  
Oakland's City Commissioners:  
(Left to right), F. F. Jackson,  
W. H. Edwards and Harry S. Anderson.

WHAT HAPPENED.

District Attorney W. H. L.  
Hynes, present at the hearing,  
has a stenographic report made.  
Mayor Davis has assistance of  
an attorney to question witnesses.  
Chief Walter J. Petersen ad-  
mits many questionable resorts  
operated in the city before May  
15, when he took office and says  
they are all closed now.  
Names of resorts and of women  
figure in questions put to acting  
chief.

PETERSEN WILL  
STAMP OUT ALL  
VICE, HE SAYS

Handling Situation on Own  
Authority, Chief  
Asserts.

"I do not attempt to do the impos-  
sible, but so far as it is within the  
power of the police department to  
stamp out gambling and vice in Oak-  
land it shall be stamped out," declared  
Chief Petersen today, following the  
announcement of radical changes in  
the police force.

"The Chinese lotteries have been  
closed for several days. As for  
prohibited games of gambling, if there  
are any running they are few and far  
between. If anybody can show me  
where they are running they will be  
closed up."

"I am going to enforce the law  
against gambling to the letter. If  
that is what the public wants that is  
what will be done. I am handling  
the situation in my own way and with  
full authority, and so long as I remain  
in this position that is the way I shall  
continue to handle it."

The radical changes announced by  
Chief Petersen in police detail to pro-  
duce the desired effect of stamping  
out vice and gambling went into effect  
today. The changes are summarized  
as follows:

Transfer of captain.  
New detail of patrolmen in  
Chinese lottery district.  
New detail of patrolmen in  
West Oakland district.

"These changes should not be taken  
to indicate that any reflection is cast  
upon the men who are taken from  
these districts," said Petersen. "I am  
making the changes in the interests  
of better discipline and greater ef-  
ficiency."

Specific changes are as follows:  
Captain Charles Beck replaces  
Captain Howard Brown in  
charge of the Central station.  
Captain Brown returning to Mel-  
rose.

Corporal A. B. Smith replaces  
Corporal Coley at Central, Coley  
going to Melrose.

Chief Petersen's assignment is  
to West Oakland and Corporal  
Conroy in the district around  
Lake Merritt.

Patrolman Pardee, who was  
placed in the inspectors' bureau  
by Woods when he was chief, has  
been assigned to the northern  
district.

Patrolmen John Gannaw and  
Frank Neils, who have been on  
street duty, were returned to the  
inspectors' bureau.

New details of police assigned  
to the Chinatown and West Oak-  
land beats.

"Chief Petersen's announcement is  
one that will be welcomed with joy  
by the welfare workers," said Mrs.  
Helen Swift Arledge, secretary of the  
Public Welfare League. "I am most  
happy to learn that all gambling, vice  
and Chinese lotteries are to be  
stamped out. But I shall take oc-  
casion at my earliest convenience to  
ascertain how far the facts square  
with the announcement. We shall  
soon make an inspection of the places  
where gambling has been known to  
be carried on for several years."

When names of alleged resorts,  
with addresses, and names of women  
said to be inmates of them were put  
to Petersen, it developed that the  
mayor was supplied with data. Some  
of these places, Petersen said, had  
been operated until May 15, some had  
not, and of some he was ignorant.  
That none was running now was his  
positive declaration.

THE EARLY PART of the investigation  
revolved itself into an attack upon  
Petersen, because of the political cam-  
paign in which Mayor Davis was  
elected, reviewed charges often  
brought about the streets and saw the  
explosion of several rumors that have  
been current.

Police Hearing in Council  
Session Has Sensations  
District Attorney Present at Probe  
May Take It to Jury

An effort to reinstate Lieutenant  
Woods as chief of police at the con-  
clusion of the investigation of the  
police department was defeated by  
the council adjourning on a vote of  
the controlling majority. The ad-  
journing was had in the midst of  
boos and hisses from a crowded  
lobby, which demanded immediate  
action.

Commissioner Edwards made the  
motion to reappoint Woods, on the  
ground that an injustice had been  
done him in removing him from of-  
fice. He asked that the council be  
reminded by this "act of justice."

The proposal was roundly cheered  
by the waiting lobby, and there were  
cries of "Good," "Do it now."

Commissioner Anderson pointed out  
that Edwards had no right to make  
this motion, as the charter places the  
choice of the chief of police in the  
hands of the commissioner of public  
health and safety.

"Well, you recommend it to Jack-  
son, then, some one shouted.  
"I'm not ready to make any rec-  
ommendation," said Anderson.  
"Get up, show your colors," came  
a shout. "If you are for Petersen, be  
for Petersen. If for Woods, be for  
Woods."

MOVES ADJOURNMENT.  
There was a short pause, during  
which the people in the lobby broke  
into a chorus of "Do it now," and  
other cries, and then the main part  
of the council floor.

"Move we adjourn," said Anderson.  
"I think we should settle this mat-  
ter now," said Mayor Davis. "A grave  
injustice has been done Woods. He was  
removed when he was an honorable  
and efficient man. I favor making  
him chief."

"Good. Do it now," shouted voices  
in the lobby.  
"He is a man in whom I have im-  
plicit faith," continued the mayor.  
This investigation has shown there  
has been plenty of rottenness and  
plenty of interference with the chief  
in his duty," said Attorney Stiefvater.  
"I move we adjourn," said Commis-  
sioner Baconus.

"If you adjourn now this will be  
settled some other place," said the  
mayor.  
"Let Commissioner Jackson express  
himself," suggested Edwards.

"This is not my party, it's the  
mayor's party," said Jackson.  
"Call the roll," said Baconus.

The council adjourned amid hisses  
and cries of "Do it now," and  
Mayor Davis and Commissioner  
Edwards were given a defense of the  
chief's public statements regarding the  
redlight abatement law and the double  
standard.

The early part of the investigation  
revolved itself into an attack upon  
Petersen, because of the political cam-

PEACEFUL PICKET  
DECLARED LEGAL  
BY COURT RULE

First Case May Establish Im-  
portant Precedent for  
Unions.

"Peaceful picketing" is legal and in  
no way intrudes upon the rights of an  
employer.

This rule of law was announced to-  
day by Superior Judge William M.  
Finch of Glenn county, sitting for  
Judge Harris in the superior court  
here. As a result the Hotel and  
Restaurant Employees' International  
Alliance will continue to picket a local  
cave which has been declared an un-  
fair house by Cooks' and Waiters'  
Union Local No. 31 of this city.

The decision is the first to be ren-  
dered where the employer asked for  
an injunction because of the mere  
presence of a picket in front of his  
place of business. All other cases to  
be brought to the attention of the  
courts involve acts of nuisance, dis-  
turbance of the peace or menace to  
the customers of so-called "unfair  
houses."

Judge A. F. St. Sure, attorney for  
the local union, urged that there was  
no case cited in the United States  
where "peaceful picketing" was ever  
an issue. All cases employed in argu-  
ment for the injunction against the  
association were based upon overt  
acts of pickets. Judge Finch so held  
and abolished the precedent for  
picketing, which hereafter depends  
upon the quiet conduct of individual  
pickets. The act of the union or as-  
sociations in voting to picket and  
actually picketing the business of an  
employer is declared legal.

IS QUESTIONED.  
Stiefvater then took up the matter  
of vice alleged to exist in the city.  
The following questions and answers  
were recorded:

Stiefvater: "Are you familiar with  
the location of places of ill-fame,  
places where gambling and lotteries  
have been conducted?"  
Petersen: "To some extent."

Q: "What kind of a place is con-  
ducted at the Twelfth near  
Franklin?"  
A: "A saloon."

going on there?"

EL PASO, May 19.—Francisco Villa  
is operating south of Parral under an  
assumed name, according to a story  
circulating in Chihuahua and brought  
here today by travelers from that city.  
According to this story a report had  
come from Parral that the bandit,  
using the name of Augustine Garcia,  
which he employed at times in the  
days before he became a military  
leader, had assembled a force of 200  
men in the neighborhood of Bocas.  
The bandits have been committing  
numerous depredations, according to  
the reports.

COLUMBUS, N. M., May 19.—A de-  
tachment of American cavalry con-  
sisting of about 800 men, arrived at  
the expeditionary base here today,  
riding from Mexico through a blinding  
dust storm. The troops, the first to  
be withdrawn since the despatch  
of the expedition nine weeks ago, im-  
mediately went into camp on the mili-  
tary reservation.

MARATHON, Texas, May 19.—  
Rosalia Hernandez, with 300 armed  
followers, is camping at Rancho de  
Encinitas, near Laguna de Jaco, 165  
miles south of the border, and forty  
miles south of where the American  
expeditionary force camped yesterday.  
According to reports, Hernandez has  
a total of 500 men under his com-  
mand in the immediate vicinity of his  
headquarters. Hernandez is alleged to  
be a military force and does not  
subject himself or his followers to  
the dictums of either Carranza or  
Villa. It is not known for certain  
whether the Glenn Springs and  
Rosillos raiders were connected with  
his band, or not, but it is said that he  
made no effort to apprehend them  
upon their retreat through his lines.

COLUMBUS, N. M., May 19.—Six-  
teen Villista bandits were killed and  
many captured when a band of  
twenty-five cavalrymen from the Ilesat  
regiment attacked the Mexicans forty  
miles south of Madera, according to  
an unsigned wireless message from  
the front today. The bandits had  
been raiding the Ilesat ranch, said  
the message. They were pursued by  
the cavalry for three days and finally  
surprised, the entire force being vir-  
tually wiped out, either killed or cap-  
tured. One leader, Pedro Costello,  
was taken.

American soldiers at the front have  
been luckless in a number of cases  
recently. They told me today they  
officially suspect that Mexicans have  
been selling them poisoned food.  
Several Mexicans were arrested on  
suspicion.

Ninety Mexican prisoners, arrested  
after the Ojales battle, have been  
released. They told me they knew  
about the activities of bandits and  
were given their freedom.

Roads to the front are rapidly be-  
coming impassable. Army trucks  
have been shaken to pieces and  
drivers disabled.

Lyman Finds Funds  
for a New Trial

SAN FRANCISCO, May 19.—Dr. J.  
Grant Lyman, who escaped in sensational  
fashion five years ago from Providence  
Hospital, Oakland, while ostensibly in  
the clutches of the federal authorities  
telegraphed \$1000 to the United States  
Circuit Court of Appeals today.

Dr. Lyman took the number's oath in  
Los Angeles two years ago following his  
conviction and his sentence there for  
using the mails to defraud.

He appealed his case but the court here  
declined to admit that he was a pauper  
declaring that he had had plenty of time  
to earn money and promised to dis-  
miss the appeal for a new trial if funds were  
not forthcoming to pay the costs by  
today. This morning the telegram arrived  
and the necessary transcript of testimony  
will be prepared.

Dr. Lyman was captured in Florida  
after he is alleged to have cleaned up  
\$1,000,000 on a new scheme in New York.

St. Louis Would  
Buy "Speed" Martin

LOS ANGELES, May 19.—At-  
tracted by a record of eight victories  
and one defeat, Eddie Herr, scout for  
the St. Louis Nationals, came here  
today to purchase Elwood "Speed"  
Martin from the Oakland club.

Martin has been the sensation of  
the Coast League this year, and it has  
been due solely to his air-tight twirl-  
ing that the Oaks are not lower in  
the race than they are. It is a re-  
markable feature of his victories that  
most of them have been won by 1 to  
0 or 2 to 1 scores.

## Soldier Shot on U. S. Side of Border Line

EL PASO, May 13.—The report of the government board investigating the death of Private Harry Furman, United States soldier, killed by Mexican troops, will say that he was shot while he was on the American side of the

line and then dragged into Mexican territory. It was learned today. His face and hands were found to be lacerated. Investigators found marks on the earth where the body had been dragged and also traced the soldier's footsteps to the spot where he was shot. The commander of Furman's company claims that he was not intoxicated, as General Gavira claimed.

SAYS HUSBAND BEAT HER. SAN FRANCISCO, May 19.—Charging that in the presence of her mother and sister, who were powerless to interfere, her husband repeatedly beat her, Mrs. Frances Hargrave filed suit for divorce today against Oliver W. Hargrave, a painting contractor of 547 Valencia street.

### REPUBLICANS AT WORK ON PLATFORM

CHICAGO, May 19.—Preparation of the Republican platform which will be submitted to the national convention next month has started, according to Fred W. Upham, chairman of the local committee on the arrangements. He returned from New York today after a conference with Chairman Helles and other members of the Republican national committee.

Strong planks favoring Americanism, military preparedness and a tariff for the protection of American industries, it is said, are among subjects being considered. The plank on Americanism and military preparedness will, it is declared, be sufficiently strong to meet every reasonable demand of progressive Republicans, according to reports received here.

### OREGON ELECTORS BATTLE AT POLLS

PORTLAND, Ore., May 19.—Democrats, Republicans and Progressives were voting today at the Oregon state primaries on candidates seeking nomination of their parties for federal, state and county offices.

Voters also had opportunity to register their preference for the presidency, and the Republican ticket carried three names—Theodore E. Burton of Ohio, Senator Albert B. Cummins of Iowa and Justice Charles E. Hughes of the United States Supreme court. The Democratic ticket carried the name of Woodrow Wilson, while the Progressive ballot offered a blank space to voters desiring to write in the name of their choice. The name of Justice Hughes was placed on the ballot through mandamus proceedings, against the secretary of state, and over Hughes' objection. For vice-presidential preference Governor Elliott W. Major of Missouri and Vice-President Marshall appeared on the Democratic ballot; William Grant Webster of Illinois on the Republican ballot and the Progressives again had opportunity of writing in a name.

### Admiral Fletcher to Navy Board

WASHINGTON, May 19.—Admiral Fletcher will be assigned to the navy general board to succeed Rear Admiral Badger, retired, when on June 10 he surrenders command of the Atlantic fleet to Admiral Mayo.

## Floral Token is Given Capt. Brown

Friends and acquaintances of Police Captain Thorwald Brown today presented the officer with a handsome floral token of appreciation as an expression of the esteem in which his work has been regarded in the Melrose and the Central district stations.

The offering, a huge horse-shoe six feet high and four and a half feet wide, is composed of American beauty roses, carnations and ferns. Brown, three months ago, left the Melrose station to assume duties in the central station, and is now returning to his old place with the retirement of Chief Woods.

## RELIEF APPEAL IS SENT FROM ARCTIC

Ship Fails to Carry Succor to  
MacMillan Party in  
North.

NEW YORK, May 19.—The first direct word from the MacMillan Crockerland expedition since September 12, 1915, reached this city today in two cable messages to the American Museum of Natural History, sent Wednesday from Thorshaven, Faroe Islands, and signed by Dr. Edmund Otis Hovey, head of the relief expedition, and Maurice C. Tanquary, zoologist with the party. The messages tell of the failure of the relief ship Chuatt to reach the headquarters at Etah and ask for another relief ship to be sent at once. Dr. Hovey's message reads: Chuatt failed to reach Etah. I got Green, Ekblaw, Tanquary and Allen, with Rasmussen's power boat, commanded by Peter Freuchen from North Star Bay. Other men absent hunting for food. Chuatt wintering Parker Snow Bay. Engine disabled. Food supply inadequate. My party forced to leave vessel in January to obtain subsistence. Green, Tanquary, Allen and myself started southward by sleds January 18, but they left me at Cape York. Unable for me to proceed across Melville Bay on account of physical conditions which developed next day. Tanquary on pigskin from Hovelenborg to Copenhagen. Cable Tanquary, care of Knud Rasmussen's address \$500 to cover expenses to New York. MacMillan on expedition to Findlayland (King Christianland). Small in charge headquarters (Etah). Ekblaw, Hunt, Comer and myself at North Star Bay. All well. Pickels (captain of the Chuatt) says he will sail directly homeward without attempting Etah again. Therefore necessary for museum to send reliable steamer with competent, experienced master, adequate accommodations full year's provisions for six passengers. Vessel to leave St. John's, N. E., by July 10 for Etah and other Greenland points as desired with instructions to attempt Cape Sabine to relieve MacMillan, if necessary. Vessel to load cargo from the beaches. Send me written authority over property and control over movements of vessel. Am sending full report by mail and messenger. Inform all my friends. Knud Rasmussen, the Danish explorer, who is leading an expedition of his own into Pearyland, is supposed to be with Dr. Hovey at present. Tanquary's message tells of an offer made by Rasmussen to bring the party out and urges quick work in fitting out a ship.

### Adams Case Waits for Judge's Return

Pending the return of Superior Judge Adams to Oakland, the right of Mrs. Mary Ellen Adams, his mother-in-law, to be restored to competency and the management of her \$150,000 estate has temporarily rested, it developed today. Mrs. Adams, who was reported yesterday to have left her temporary home at 2716 Fruitvale avenue, and gone to San Francisco with her brother, Dr. John P. Rice, returned last night. In the meantime, through her attorneys, San Francisco alienists have sent letters to Dr. Leonard Stocking at the Alameda Asylum asking their opinions that the paroled patient is perfectly sane. Her attorneys believe that if she is given a discharge from the asylum her rights will be automatically restored. On the other hand, counsel for her legal guardian state that the matter of her competency to manage her affairs will have to be threshed out in court when the case comes up for hearing before Judge Wells in August.

## 100,000 Died from Bright's Disease and Other Kidney Troubles During the Past Year

Insurance Company Official Says "That 60% of These Deaths Could Have Been Avoided." The increase in fatalities from Bright's Disease and other kidney ailments is causing grave concern to health authorities. A leading Life Insurance Co. states that 60% of these fatalities could have been avoided or postponed had the proper precautionary measures been taken. Thousands of people who have kidney trouble do not know it. They do not realize the important part the kidneys play in our daily life. If the kidneys fail to act as nature intended, good health is impossible, as the poisons created daily are retained in the system, which cause backaches, constipation and many other distressing ills. So to avert serious kidney illness,

Warner's Safe Kidney and Liver Remedy invariably helps these important organs back to normal action. Its healing and soothing action on the kidneys aids them to do their work of elimination of poisons from the system. That is why Warner's has helped thousands of sufferers from backache, weak kidneys and bladder troubles, and why it is so uniformly successful. Then remember, Warner's Safe Kidney and Liver Remedy is no experiment of today, but is a most dependable medicine for the kidneys of sufferers for the last 40 years. You can get it at all druggists in 50c and \$1.00 bottles; or a sample will be mailed free. If you write Warner's Safe Remedies Co., Dept. 342, Rochester, N. Y.—Advertisement.

## Summer Bill at Orpheum Generous Stars of Vaudeville for Theatergoers

### Big Triple Program to Include Musical Revue

The theater-going folk of the town are watching with keen interest the outcome, next Sunday, of the Orpheum's new plan to give "triple shows," as a midsummer policy. It will be one of the most interesting experiments of the year, and incidentally one of the most expensive.

The Orpheum manager, George E. Eby, believes if you put Orpheum vaudeville and sparkling musical comedy shows and high-priced feature motion pictures all in one show, and stir the entire mass thoroughly, season it with merry wit and no end of dancing, and brilliant stage effects, and a good amount of pretty girls, and a big orchestra, and then serve the same in a newly decorated theater, you certainly ought to please the crowds.

All of that is equivalent to remarking that the Orpheum management believes "it has the goods" that will make the theater-going folks of the town sit up and take notice next Sunday and throughout the summer. Most of the wise ones along the Rindto agree with the management.

As a matter of fact, these same wise ones are standing aghast at the big expense roll which the Orpheum is piling up for itself to meet, with its "three big shows for one price."

Here is what one of the aforesaid

astute ones delivered himself of last night conversing with a brother at a refreshment bazaar:

"This thing of putting three shows into one, on one stage, might be very well for New York, Chicago or even San Francisco, but it looks to me a little too big a game for an Oakland theatrical management to get away with. When you come to hand an Orpheum vaudeville bill to the public with one hand, and a big expensive musical comedy production with the other hand and then spill out the most expensive feature motion pictures on the market, all for one price, it looks like they are making a strong bid for financial disaster."

The question is, will it succeed?

Unless the crowds pack the Orpheum the expense is going to "eat them up," as the street phrase has it, but Manager Eby seems to rest perfectly easy under the situation, and merely gives this as his view of the affair.

Fritz Scheff, the operatic star, is in the midst of the new summer program.

## MATT S. HUGHES ELECTED BISHOP

SARATOGA SPRINGS, N. Y., May 18.—With only three bishops of the Methodist Episcopal church remaining to be elected, the general conference today continued the balloting which has been in progress since Tuesday. Following closely after the election of Dr. Herbert Welch of Delaware, O., and Dr. Thomas Nicholson of New York, just night, the announcement was made to the conference this morning that the Rev. Adna W. Leonard of Seattle, Wash., had been chosen on the tenth ballot. He is a son of the late Adna Leonard, for many years prominent in Methodism. He is only 41 years old, being the third bishop of the Methodist church to be elected so young an age.

Dr. Matt S. Hughes of Pasadena, Cal., was elected a bishop on the twelfth ballot, receiving 540 votes, or four more than was necessary. He is a brother of Bishop Edwin P. Hughes of San Francisco. Rev. Charles E. Locke of Los Angeles withdrew his name before the vote was taken.

PASADENA, May 18.—Rev. Matt S. Hughes, elected bishop of the Methodist Church at Saratoga, N. Y., today, came to Pasadena nearly eight years ago as pastor of the First Methodist Episcopal church. Rev. Hughes was born in Doddridge county, Va., 53 years ago. He was educated at the University of Virginia. In 1889 Bishop Hughes began his career as a circuit rider, covering a group of 12 churches. The route extended over twenty-seven miles and many times during the cold winters he had to be lifted from his horse, as the result of exposures, family members here stated.

Later he went to Portland, Maine, and was pastor of a church for a number of years. From Portland he went to St. Louis, where he was made pastor of the Wesley M. E. church. After a few years Bishop Hughes went to Kansas City, where he remained for ten years. In 1908 he came to Pasadena.

### Four Men Face Trial for Officer's Murder

SAN FRANCISCO, May 18.—Two men serving sentences in San Quentin and two others under arrest here will be tried in the near future for the murder of Police Corporal Fred Cook November 24, 1914, following the robbery of the Clarendon cafe. They are Thomas Green, alias Bob Wolf, serving 14 years; Clifford Conway, alias James Murray, serving 7 years; James Duncan, alias James Doyle, and Howard Dunnigan, alias Frank Hunt. The two last named were before Superior Judge Griffin today. Dunnigan, who has confessed and implicated the others, will plead guilty and may get probation. The cases went over until May 26.

## CALOMEL BAD FOR THE LIVER

### Dose of Nasty Calomel Makes You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crumbles into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all kinds of queer, just go to your drugist and get a 50 cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten out all kinds of queer, you will wake up feeling great, full of ambition and ready for work or play.

It's harmless, pleasant and safe to give to children; they like it. Ad-vertisement.

### What to Do to Get Fat and Increase Weight

The Real Cause of Thinness.  
Most people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and are gaining all the time. It is a book to say that is the nature of the individual. It isn't Nature's way at all.

Most thin people stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay-there" pound. All the fat-producing elements of their food just stay there in the fatness until they pass from the body as waste. What such people need is something that will prepare their fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will rid their red blood corpuscles and increase their blood-carrying power.

For such a condition it is well to recommend eating a tablet with every meal. Sargol is not, as some believe, a patented drug, but is simply a careful combination of all of the most effective and powerful assimilative and flesh building elements known to chemistry. It is absolutely harmless, yet has been wonderfully effective and a single tablet eaten with each meal often, according to reports of users, has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by Osgood Bros. Drug Stores and other good druggists everywhere. No money back—Advertisement.

## KEY ROUTE FILL IS VIEWED OFFICIALLY

250 Officials and Business Men Are Guests of Company.

With 250 city officials, organization heads and prominent business men from all parts of the bay region participating, the formal opening of the \$1,500,000 solid fill of the San Francisco-Oakland Terminal Railway was held yesterday afternoon. A special train bearing the inspection party left the Key Route Inn at 12 o'clock, proceeding to the pier and over the old frame pier, which will at once be abandoned.

Following luncheon aboard the company's ferry San Francisco, the party was taken over the new fill—the first passenger train to traverse the rock mile.

A stop was made at the end of the fill, where a personal inspection of the work was made by the party, while movie men rapid-fired from all sides.

Here G. K. Weeks, president; W. R. Alberger, vice-president and general manager, and other officials of the San Francisco-Oakland Terminal Railway, pointed out the various features of the work and explained plans for further improving the transbay passenger service.

The actual length of the solid fill from the subway is 12,852 feet, or two miles and 154 feet of the rock walls being 15,683 feet. Work on the huge project was started June 30, 1933, and completed the 18th of this month. From the end of the new fill to the ferry slips extends the new trestle, 3747 feet long.

With eighty-one electric signals, extending over the trestle and fill, the company officials claim that this is the most thoroughly signalled stretch of electric road in the United States.

Among those present on the inspection trip were:

Mayor John L. Davis of Oakland, Mayor Samuel Irving of Berkeley and Mayor Hugh Craig of Piedmont; Commissioners Harry S. Anderson, William J. Bacon and W. E. Edwards; N. H. ## WILDFLOWER IS CAUSE OF FALL

San Jose Girl Tells of Plunge Over Bank in Dangerous Canyon.

SAN JOSE, May 19.—Recovering sufficiently to give a statement, Miss Gwendolyn Overton, 13, high school girl, who was found unconscious in Alum Rock Park, said today that she received her injuries when she reached over an embankment for a wild flower, slipped and fell into a shallow stream.

After lying there several hours the girl regained her senses, her head being just out of the water. She managed to reach the park, though it is some distance from where she was hurt, and there she obtained aid. The girl's story clears up all suspicion of her having been attacked by a man.

When found Miss Overton was suffering from severe cuts and bruises.

## FIRE SWEEPS U. S. NAVY YARD SHOP

Norfolk Plant Is Threatened by Damaging Blaze of Unknown Origin.

NORFOLK, Va., May 19.—Fire of unknown origin late last night destroyed the Norfolk navy yard's ship-fitters shop with its machinery and equipment and slightly damaged the adjoining boiler makers' and plumbers' shops. The entire plant was threatened, the flames soon getting beyond the control of the yard's fire fighting force and raging until the Portsmouth department joined in the fight.

Naval Constructor Watt, in charge of the yard construction work, estimates the damage at from \$100,000 to \$150,000, depending upon the amount of machinery that can be salvaged.

**The right foundation**

The right foundation for successful painting is B-H Paints—permanent pigments, a base consisting of a combination of pure carbonate of lead and oxide of zinc, ground in refined linseed oil. Quality paints throughout.

Cheap paint is never satisfactory, the colors fade quickly, the paint wears off.

Start right. Use the B-H kind straight through the job from priming coat to finished surface, and you'll get a lasting finish that is the best insurance for any woodwork.

## Big Relief Bazaar Opens Tonight

Indoor Scene Duplicates Bagdad

MRS. L. CORNISS (LEFT) AND MRS. R. KLEIN, WHO ARE TAKING PROMINENT PART IN GERMAN RELIEF BAZAAR.

## Notable Musical Program Will Form Part of Entertainment for Throng

SAN FRANCISCO, May 19.—The key to the objects that have suggested the Great German Relief Bazaar, which opens at the Civic Auditorium tonight, is best told in the "announcement promulgation" of Governor Hiram W. Johnson, the honorable president of the festival:

"The rigors and the stress and the horrors of war fall most heavily upon those who have least to say in the determination of war. Peoples suffer and pay the toll when governments engage in strife. The slain and the maimed, the weak who must stay behind, are the innocent who bear the brunt of patriotism when wars are made by rulers. Every effort to alleviate pain and anguish to care for those whose losses have left them bereft, to aid the brave who have responded to love of country in wars not of their making, commends itself to all right-thinking people; and the German Charity Bazaar, with its spirit of helpfulness and its tender generous impulse of service to the afflicted and assisting the suffering, has my hearty cordial best wishes for its success."

The German bazaar, it is hoped, will realize at least \$100,000, which may be San Francisco's offering to a fund to relieve the awful sufferings of those who have been stricken by war's horrors. With this goal in view the various committees have worked with unceasing vigor toward this ultimate success, and they are now "ready" to ask the support of a neutral public toward a cause that is entirely one of humanity.

The bazaar itself will be a revelation of the builder's art. An has been told over and over again, the civic auditorium has been transformed into a replica of Bagdad.

Every night the mammoth pantomime spectacle "In Old Bagdad" will be given on the main stage, facing the "Mosque of Zobeida." In this some two hundred people will participate. The pantomime is replete with charming music and delightful dance and ballet numbers. It has been staged by Dr. Max Magnus, with Frederick C. Schiller as musical director, and P. J. Fritz, director of the San Francisco Turn-Verein as ballet master.

Tonight the program on the main stage also includes the overture "Die Meistersinger" by Wagner, and other numbers played by the official Bazaar Orchestra; an introductory address by president of the fête, George F. Volkman, and the grand chorus of the Pacific Saengerbund, under the direction of Mr. Joseph Kueger. In the concert hall, on the Larin street side, the following splendid musical program will be given, beginning at 8 o'clock:

Orchestral selection.....Van der Meiden Orchestra  
Violin solo.....Mrs. Pasamora  
Harpist Pasamora at the piano.  
Soprano solo.....Mrs. Arthur Fickenscher  
Mr. Fickenscher at the piano.  
Cello solo.....Herbert Riley  
Johannes C. Rath at the piano.  
Melodrama.....Mr. Ernest Wilhelm  
Fred C. Blum at the piano.  
Piano solo.....Mr. Hermann Gehms  
Mayor Ralph and his party will lead the merry-makers in the "Bier-stube," which will be a reproduction of the famous gardens of Munich. The doors will open at night at 7:45 o'clock and at 1:30 for the matinee. "In Old Bagdad" will be staged nightly, at 8:15.

The bazaar will continue open for six nights, including next Wednesday. The matinee tomorrow will be "Children's Day" and tomorrow night will be "California State Day." Sunday will be Military and Turner Day; Monday, Bay Cities Day; Tuesday, German Societies Day; and Wednesday, San Francisco Day.

## ENGLAND HOLDS UP LYNCH PUNISHMENT

President Cables to Delay Execution of American Rebel.

LONDON, May 19.—The case of Jeremiah Lynch, American, court-martialed for participation in the Irish riots, was held up by the British government today for further investigation.

WASHINGTON, May 19.—President Wilson is most anxious today as to the fate of Jeremiah Lynch, American tried by court-martial in England on a charge of participating in the Irish rebellion. News of Lynch's plight reached the President last night as he sat in a theater box. He instructed Acting Secretary of State Polk to cable a virtual demand to England to stay the execution until the United States was better informed. Lynch's execution was set for 4 o'clock this morning, Dublin time. The President is worried, not knowing whether his demand reached England in time to save the American.

The message from the American embassy in London transmitting the Dublin consul's report makes the fate of Lynch doubtful. The State Department made public the following:

"The consul at Dublin reports that Jeremiah Lynch was tried by a field court-martial yesterday for participation in the Irish rebellion. (Word lost in transmission) will happen Friday morning. Will advise further when sentence known."

NEW YORK, May 19.—Jeremiah C. Lynch is a naturalized American citizen. It was said today by his friends in this city. Up to four years ago, when he returned to Ireland to engage in the insurance business in the city of Cork, he was prominent in Irish circles here as president of the Philo-Celtic Society and as a member of the State Celtic League.

Two years ago he returned to New York and spent six months here as a representative of the Gaelic League from Ireland, and has since been in Ireland as a representative of the Gaelic League from the United States. He is about 40 years old and first came to this country as a young man of 20.

## Ireland's Struggles Unbalance Dublin Man

SAN FRANCISCO, May 19.—The revolt in Ireland preying on the mind and conscience of Hugh J. Lunny, recently from Dublin, led him to attempt suicide in this city this morning. He rushed onto Crowley's dock and jumped into the bay. J. Gardner, an engineer, threw him a line, but he refused to grasp it and had gone down for the second time when Gardner, using a live hook, rescued him. He was taken to the Harbor hospital for treatment. It is believed that his mind has given away, as he rambled regarding the troubles of his native land.

## New York to Send Wild Animals to Antwerp

NEW YORK, May 19.—New York will help in re-stocking the Zoological Gardens of Antwerp, Belgium, according to a decision of the board of managers of the New York Zoological Society, which was announced today.

The decision was made in response to an appeal from the Zoological Society of Antwerp, which stated that its gardens had been almost depleted since the German invasion. As soon as the Belgian organization is prepared to take up the restocking of the Antwerp gardens, a veritable Noah's Ark will be sent across the ocean from this city. The New York board has decided to send the numerous duplicates among the more than 2000 specimens in the Zoological Gardens at Bronx Park and the Aquarium.

## Sheriff Finds None of Parker Whitney's Coin

SAN FRANCISCO, May 19.—J. Parker Whitney had no money on deposit at the Palace Hotel, as was generally reported. George Golden, who obtained judgment against Whitney for \$2524, also obtained an execution against any funds that Whitney might have. Sheriff Finn reports that the hotel managers were unable to find any Whitney money.

## DIES AT TABLE

RED BLUFF, May 19.—Albert Becker, a baker of this city, died while sitting at the breakfast table yesterday morning with his family. Becker had been kicked by a horse several days ago and complained of his injury only a few seconds before death claimed him. His wife thought he had fainted. A physician was called and pronounced Becker dead. He leaves a wife and five young children.

## DETECTIVES TRAIL KIDNAPED WOMAN

LOS ANGELES, May 18.—Half a dozen detectives were searching for Miss Margaret Baze, 18, today, following a kidnapping at 1 a. m. in which she is alleged to have been carried away from her home, clad only in night clothes and a kimono.

A man called at the door of the Baze girl's home shortly before 1 a. m. and asked to see Miss Margaret.

At the time she was sleeping at the time, slipped into a kimono and hurried to the door.

After a few minutes' conversation occupants of the house at 5831 Wall street heard a siren and sounds of a struggle. Mrs. R. Cantwell, relative, rushed to the door just in time to see an automobile hurriedly depart.

Miss Baze, Mrs. Cantwell declared, eloped from her home in Nebraska two years ago. She said the girl was the victim of a false marriage.

## Thunder Showers Sweep Over Fresno

A spectacular electrical disturbance at Fresno and freaky gusty rain through the interior valleys of the state featured a storm which swept through California last night and this morning and is now in Utah and Arizona. Thunder and lightning in an abundance seldom seen on the Pacific coast aroused Fresno residents shortly before midnight and was accompanied by showers. Rain fell generally everywhere in California except the bay cities and the region between San Francisco and San Luis Obispo on the coast.

## An Ideal Remedy for Nursing Mothers

Compound of Simple Laxative  
Herbs Safe for Baby  
and Mother.

Constipation is a condition that affects the old, young and middle-aged, and most people at one time or another need help in regulating the action of the bowels. Harsh cathartics and purgatives should not be employed to relieve constipation, as their effect is only temporary, while they shock the system unnecessarily. A remedy that can be used with perfect safety for the tiniest babe and that is equally effective for the strongest constitution is found in the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores everywhere for fifty cents a bottle. This is an ideal household remedy and should be in every family medicine chest.

Mrs. F. J. Barsolow, 18 Leslie St., Holyoke, Mass., writes to Dr. Caldwell: "Syrup Pepsin certainly is fine. I gave it to my baby Evelyn, and also took it myself. It is the only medicine I have been able to take without affecting baby in the nursing."

EVELYN BARSOLOW.

have used it for all four children and it is fine; they like it and ask for it. A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge, by writing to Dr. W. H. Caldwell, 454 Washington St., Monticello, Ill.

Interference with Hugh Frayne, general organizer of the American Federation of Labor. He said the league would not be called upon to declare sympathetic strikes, but virtually would be independent.

Replying to a point raised by a member of the council that the proposed affiliation might be considered "undignified," Frayne cited as precedents the facts that the union of musicians and the school teachers of Chicago have joined the federation.

### Authors May Join Labor Federation

NEW YORK, May 18.—The council of the Authors' League of America, at a meeting here last night, decided to submit the question of affiliation with the American Federation of Labor to a referendum vote of the league's membership, which comprises about 1500 writers throughout the country.

This decision was reached after a con-

## MARIN FESTIVAL ON AT SAN RAFAEL

Great Celebration Will Continue Tomorrow and Sunday.

SAN RAFAEL, May 18.—Today is California's first Thanksgiving Day. It is the three hundred and thirty-seventh anniversary of the landing of Sir Francis Drake, this coast's first English-speaking visitor, on the shores of what is now Marin county. It is also the first day of the Marin Flower Pageant celebration which will extend over tomorrow and Sunday.

At the foot of San Rafael hill, near the site of the old Spanish mission at 2 o'clock, great outdoor interdenominational Thanksgiving services were to be held under the auspices of the clergy of Marin county. Choral singing under the direction of Wallace Sabin and in which over 500 voices will participate will follow this service.

In the morning James H. Barry, president Wilson's personal representative; Mayor Ralph of San Francisco, British Consul A. Carnegie Ross, Governor Hiram W. Johnson, the Russian Imperial Consul, and other distinguished guests were welcomed with a reception and procession through San Rafael. The procession started at 11 o'clock.

The great Pageant of Modes in the open air theater on the estate of Congressman Kent, Kenfield, will start at 2:30 o'clock tomorrow afternoon. In the morning there will be a flower procession in San Rafael. Saturday night the carnival spirit will reign in San Rafael, where an amateur street fair and outdoor costume ball in front of the court house will be held.

A huge sham battle with hundreds of troops participating will be the feature of Sunday afternoon's festivities. It will be preceded by a military parade and a military tournament. Baby shows, flower shows, canoe races, trap shooting, athletic tournaments will be other features of the day.

Tomorrow to comfortably handle the huge crowds the Northwestern Pacific Railroad Company will double its schedules. Starting at 6:45 o'clock fast trains will leave San Francisco every hour all day, except that there will be no boat at 2:15 o'clock. The same schedule will be in effect Sunday.

Plain clothes men from San Francisco and Oakland will mingle with the crowds to watch for pickpockets and other law breakers that may be attracted by the festival. Both Chief of Police and Acting Chief of Police of Oakland have pledged a large number of men for this purpose and anticipate no trouble in keeping the celebration clean of outlaws.

### Forsakes Stage for Banker-Journalist

NEW YORK, May 18.—The marriage of Miss Dorothea de Kay Gilder, daughter of the late Richard Watson Gilder, poet and editor of the Century magazine, to Dallas D. L. McGrew, son of Rev. and Mrs. George H. McGrew of Silver Spring and Baltimore, Md., took place today at the home of the bride's mother, Mrs. Richard Watson Gilder, of 24 Gramercy Park.

Coming to the family in the family wedding was attended by the members of the immediate families only. Miss Gilder's father, the late Richard Watson Gilder, was known widely as a poet. She is a sister of the Misses Francesca de K. and Leonard de K. Gilder and of Mrs. George de K. Gilder. The late Miss Jeanette Gilder, authoress, was her aunt. "Through her mother, who was Miss Helena de Kay, she is related to the De Kay family."

### Collect Funds for Jewish War Sufferers

CHICAGO, May 18.—Three hundred and fifty thousand dollars for the relief of Jewish war sufferers had been subscribed in Chicago early today as the result of a mass meeting last night. Five thousand persons attended the meeting and listened to speeches by ministers and laymen of various denominations calling upon the people of Chicago to help the sufferers of Europe and Asia. The committee in charge of the fund here expect to place more than \$500,000 before the week is over.

Julius Rosenwald, head of a large mercantile house, headed last night's subscriptions with a donation of \$50,000.

## THE KRYPTOK INVISIBLE BIFOCAL

The Perfection of the Eyeglass  
Idea Originated A.D. 1784 by Benj. Franklin

AN ILLUSTRATED STORY FOR FOLKS WHO NEED DOUBLE VISION GLASSES

"I am happy in the invention of double spectacles which, serving for distant objects as well as for near ones, make my eyes as useful to me as they ever were."

So wrote Benjamin Franklin in one of his letters. He it was who first conceived the idea of taking a near-sighted lens and a far-sighted lens, cutting each in half and fitting them in a spectacle frame.

If Franklin could see the perfection of his idea in the KRYPTOK (pronounced Krip-tok) Invisible Bifocal, he would be astonished. Instead of a jagged line separating the two lenses, KRYPTOK is one solid crystal-clear lens which cannot possibly be detected from single vision glasses.

The smooth and clear surface of KRYPTOK Glasses is entirely free from the disfiguring, age-revealing lines

and seams of old-fashioned bifocals. Yet KRYPTOKS give you all the convenience of near and far sight in one pair of glasses. They put an end to the constant removing and replacing of your reading glasses—or fussing with two pairs. You can see both close and distant objects with equal clearness.

## THE FLOOD CONTROL PROJECT.

Passage by the House of Representatives of the flood control bill carrying an appropriation of \$5,600,000 for the Sacramento and San Joaquin rivers should be accepted in large part as a tribute to the able and untiring efforts of Congressman Charles F. Curry of Sacramento. It is not intended to detract from the credit due the other members of the California delegation in Congress who urged favorable action on the local project. Mr. Kahn, for example, made a good point when he pointed out that deposit of silt through the Sacramento-San Joaquin delta was blocking the channel to Mare Island navy yard and entailing heavy annual expenditures to keep the navy yard accessible.

But Mr. Curry's masterly report submitted to the flood control committee was one of the most convincing ever presented to Congress and made it practically impossible for Congress to ignore the California project if it was to make an appropriation in favor of any new project during the present session.

The plan for improving the Sacramento and the San Joaquin has been under consideration for many years. It has been approved, both as to technical and financial features, by the Board of Engineers for Rivers and Harbors, by the Chief of Engineers of the army, by the Secretary of War and by the Rivers and Harbors Committee of the House. It is agreed that it is the only one economically feasible which will secure effective flood control of the Sacramento River.

Briefly it provides for the erection of permanent dikes along the Sacramento and lower San Joaquin, construction of two by-passes (Sutter and Yolo) and a system of weirs to carry off flood waters when they exceed the capacity of the dikes. Flood control, navigation, reclamation and debris control are closely interwoven in the project and a plan that seeks to care for one must incidentally care for the others. The Federal government contemplates paying only half the cost incidental to improving navigation and restoring the conditions of navigability that prevailed before the rivers were filled with debris from hydraulic mining. The Federal appropriation, therefore, means that the State will pay a like amount, \$5,600,000, and private landowners will spend about \$30,000,000 more on river levees, by-pass levees and by-pass rights-of-way, all of which they must provide under the plans approved by the California Debris Commission. Much of the latter work has been started through the efforts of the State reclamation board, of which Mr. V. S. McClatchy is president and who also has contributed a most valuable part in presenting the entire project to Congress.

Opposition to the flood control bill has developed in the Senate and Senators Kenyon and Sherman are making a most determined fight against it. The overwhelming vote by which the bill passed the House strengthens the hope that it will be passed by the Senate, but if it should fail of passage, if the Senators from California are unable to achieve as great a measure of success as Mr. Curry and his co-workers in the House, the Sacramento valley counties will not fail to credit Mr. Curry with having made great progress in their long fight for government aid in their misfortune.

## WORK REWARDED.

Miss Kathleen Harnett, winner of the university medal, highest honor awarded a graduate at the University of California, told yesterday what she did to achieve greater success in her student efforts than any of the 1079 of her fellow students. She merely worked. She worked all the time and cut the so-called student affairs and social stunts that interfere with work.

It is an old recipe. It is gratifying to observe that it still holds good. It is refreshing to find that work in a modern university will win a medal. It creates pleasant reflection that those who do not work do not get first honor medals. Some graduates will go to their homes with the so-called college environment more firmly stamped into their character and many more memories of frivolous wastefulness than will Miss Harnett. But Miss Harnett will carry the conflict started,

with her always the companionship of happy hours devoted to work, to accomplishing well the things for which she went to college, and for winning the very best a career at college held before her. Such companionship will never grow stale.

## THE KEY ROUTE HARBOR.

The proposition submitted by private financial interests to lease for a long term of years the 285 acres of tide land owned by the City of Oakland in the Key Route basin and spend a large sum of money in erecting wharves, warehouses and other shipping facilities will, as it should, receive very careful consideration.

Upon the surface the proposal has several features that commend it to favorable notice. If accepted and carried out it might, in a comparatively short time, give to the city development of a section of its waterfront which, we fear, will stand undeveloped indefinitely if the city is depended upon to do the work itself. By disposing of this feature of harbor development the city will be left free to devote its energies to improving other sections, all of which will mean important advantages through attracting various classes of new business to this side of the bay.

There are many features about the proposal, however, which should be gone over carefully before a final decision is made, either to accept or reject it. The financial backing of the private concern seeking the lease and its ability to carry out faithfully all its undertakings should be looked into. A clear and full understanding as to the details of the nature and extent of the proposed improvements should be reached. It is also essential to consider the Key Route harbor outlines and proposed dredging in relation to the survey made by the army engineers for creating a greater Oakland harbor. Any improvements in the Key Route basin must fit in harmoniously with the general scheme of development which the east bay communities have asked Congress to aid.

The matter of the length of the lease is also important. It will be conceded by many that a twenty-five year lease—the longest now authorized by the city charter—frequently deters the investment of big capital and the initiation of costly and permanent improvements. Yet it remains to be decided whether a hundred-year lease is absolutely necessary to insure success to the Key Route harbor enterprise. However, the city is in a position to make such conditions and regulations as to harbor changes as will conserve its interests under any term of lease.

The suggestion of the city commissioners to consult with the harbor committee of the Chamber of Commerce indicates a disposition to give the project all deserved attention, and the Chamber will doubtless give the matter its most earnest consideration. There is no occasion for undue haste in disposing of the proposition, and a thorough survey of all its details will be of value to the city.

## NO NAVAL PROGRAM.

There is to be no fixed five-year program of naval construction if the House has its way. Secretary Daniels' plan was ignored by the naval committee, which voted to provide for only one year of building at a time. The five-year feature of the departmental plan was, in our opinion, a good one. Certainly there should be some fixed program of naval building. No other government in the world does things in the haphazard, hand-to-mouth manner that has always characterized our naval programs.

Disappointment is much alleviated, however, by the reflection that the time feature was the best thing about the Daniels program. It was a make-believe plan of naval increases, and on a par with the fraudulent Hay army bill. Both Mr. Daniels and Mr. Wilson made much of it by bunching figures for the five-year program, when as a matter of cold figures and fact, it would not have enabled us to more than catch up with the program outlined by the general board of the navy ten years ago.

To those who have followed with some attention the lessons of the war and the policy of other governments regarding types of capital fighting ships, the committee has done better than the department in recommending five battle cruisers instead of two cruisers and two battleships. The swift armored cruiser, carrying as heavy armament as battleships, has proven by far the more effective instrument of naval warfare, and we have not got one of them. Congress should also authorize the construction of more dreadnaughts of the battleship type if we are to keep up our present relative rank with other navies. But since it will provide for only five capital ships, they might as well be, for the present year, all battle cruisers.

The ideas of the committee as to submarines, destroyers and other types of fighting craft are also small ideas, but we expected nothing else from the little-navy men who control the committee and who are in the majority in Congress.

The statement of France's peace terms by President Poincaré Monday are in line with the statements of so-called peace conditions by other belligerents. They serve to emphasize how far apart are the present views of the two groups of belligerents. The most hopeful expression justifiable from what has been said and left unsaid is that the contentions of the opposing nations are no more irreconcilable than they were when the conflict started.

Sportsmen should be interested in the announcement that the Fish Commission distributes an average of 16,589,713 fry in the streams of California every year, though the angler who often whips unresponsive streams is likely to be in a mood to disbelieve.

Professional agencies are thus observed by the Marysville Appeal: "We take pleasure in announcing the appearance of a brand new paper in the Sacramento valley. It is called the 'Dry Booster' and it is published in Gridley. It is the dryest publication, except the Congressional Record, we have ever seen."

The troubles of their own in Iowa, as to a presidential candidate, do not appear to keep the Republicans in convention assembled fully occupied, and there were sensational doings when some one began to laud T. R. The man who did the lauding was hoisted off, which suggests that he was a discordant note.

The Santa Ana Blade cocks its ear but seems unable to hear the sound it is listening for. It says: "There still is great silence at Washington over the \$140,000 slush fund raised by New York importers to get Congress to take the tariff off of lemons. Let us have a little 'pitiless publicity' as to how that money was spent."

The Napa Register gives us some home news that all of us may not have heard, as follows: "Tillers of the soil were not the only ones hard hit by Jack Frost this month of May on the Pacific Coast State Fish Commissioner Darwin says great damage was done to the clam and crab beds in Oakland bay; that almost all of the clams on the reserve were killed by the cold snap."

PERSONALITY  
IS TEACHER'S  
BEST POINTHigh School Principal  
So Tells Modesto  
TrusteesEducation Counts One-  
Tenth With P. M.  
Fisher

"Personality, nine-tenths."  
This is the formula for the ideal teacher, according to the advice given by P. M. Fisher, veteran high school principal and head of the Oakland Technical High School, to the Modesto school trustees. The new trustees sent for Fisher to aid in reorganizing their department. These are the "pointers" offered to the officials for choosing a teacher.

"She must not wear flashy clothes. None of this 'la-de-da' stuff."

"She must not talk too much."

"She must not be too insistent."

"She must have a well-modulated voice, no rasping or nervousness. Such a voice shows a well-poised mind."

"Success in teaching, the principal informed the school board, depends nine-tenths on personality."

"The teacher whose personality and whose voice is soothing is the teacher who gets results," he declared.

"The nervous teacher makes her pupils nervous. The pupils always copy the teacher more or less. Therefore, the teacher must be a ladylike teacher, who does not talk too much, who uses her voice properly, and who exudes the impression of culture and efficiency. Is the teacher you need?"

"The school board can tell the good teacher by eye and ear alone. In almost every case it is a case of nine-tenths personality."

Fisher assisted in making a number of radical changes in the school system for Stanislaus county. He suggested a committee on supplies to end the trouble of the agents over selling to small school districts by approaching the individual school trustees, backing up Superintendent J. H. Smith, who has just taken up office, in an effort to cut down such expenses. This plan is being tried in a smaller county for the first time by the Stanislaus board.

## Professor's Analysis

Causes 30 Charges

SAN FRANCISCO, May 19.—Following chemical analysis made by Professor Lee of the University of California, thirty of the University's charges of pure food law were lodged here today and warrants sworn out against delicatessen proprietors and coffee dealers.

LOS ANGELES, May 19.—A sixty-mile-an-hour dash from Long Beach to Los Angeles, with \$25,000 aboard, and complete evasion of motor cops, resulted today in preventing a huge loss through mortgage foreclosure for W. L. Porterfield. Porterfield beat the foreclosure by four minutes.

PORTLAND, Ore., May 19.—Because a street car motorman drove his car twenty-five miles an hour just to prove that a jitney was breaking the speed laws, the street car company must pay a fine of \$25. The jitney driver was fined a like amount.

PHILADELPHIA, May 19.—Brothers and sisters have to hide their socks from their sisters this summer, that it will be necessary for youths to take this precautionary measure.

At the meeting of the National Association of Hosiery and Underwear Manufacturers' convention, practically all the hosiery delegates agree that women's stockings are shrinking in length.

BOSTON, May 19.—"Hundreds of Boston business men think it is part of their stenographer's duty to kiss them," say the officers of a girls' union organized today to resist the osculatory demonstrations.

LOS ANGELES, May 19.—"When I shoot stand still!" the public was warned in a note to police headquarters here today. The writer signed himself "J. J. J." and stated he was going to kill two men and a woman riding on Spring street in an automobile. He requested that pedestrians stand still in order that no innocent person might be hit.

The tragedy was set to occur between 11 a. m. and 1 p. m. today.

COLUMBUS, N. M., May 19.—"John Smith, U. S. A." is not explicit enough to insure delivery of Trooper John Smith's mail. This was Major Sample's advice to soldiers' wives and sweethearts today while mail clerks here made efforts to forward thousands of poorly addressed letters.

LOS ANGELES, May 19.—Alhambra residents breathed easier today when it was announced that there were no casualties in the East Alhambra-Alhambra annexation election.

Election officials set around ballot boxes with rifles and shotguns across their knees. Oppos-

ing factions threatened to commit election paraphernalia. There were no casualties, however, the preparedness having proved a success.

LOS ANGELES, May 19.—Canary birds, singing in cages, attached to the roofs of street cars, are suggested as a means to bring about increased travel on cars of the Pacific Electric Railway company.

It is which recently has felt the effects of jitney bus patronage. The idea was born in the mind of Thomas H. James, former city councilman of Santa Monica. James thought so well of it that he called on the Paul Shoup of the railway company and offered the suggestion free of charge.

WARREN, Ill., May 19.—Mayoress Angelina Canfield, 32, of Warren, "only woman mayor," has decided to stick on the job. She said so today. She was recently reported as planning to retire.

"I am going to stick to the end of my term, anyhow," she said.

whether harmony prevails in the city council or not. Mrs. Canfield recently planned to move to California. Her term expires in May, 1917.

PATERSON, N. J., May 19.—Life is just one darned disappointment after another here. Orders today required Paterson's telephone operators to discard fashion dictates and wear skirts long enough to conceal ankles, which the company decided were too conspicuous.

LOS ANGELES, May 19.—Discarded false teeth have a real monetary value in Los Angeles, judging from the fact that a local firm has taken out a patent in Pasadena to buy worn-out dental plates in that city. Under the Pasadena ordinance the same sort of a license is required for the teeth collector in the case of eyes and bottles.

A report made by the Pasadena city clerk shows that on Friday and Saturday of last week nineteen sets of teeth were bargained for.

Bankers of State Name New Officers

Fresno Session Is Concluded  
With Henderson, Jr., as  
New Head.

FRESNO, Cal., May 19.—The California Bankers' Association, in twenty-second annual session here, elected officers and adjourned the business meetings today. Tomorrow the five hundred delegates from all parts of the state will participate in an automobile tour of Fresno county and hold a picnic on the banks of the Kings river, twenty miles east of this city. Officers elected today are as follows:

President, J. M. Henderson Jr., Sacramento; vice-president, F. J. Becker Jr., San Diego; treasurer, George A. Kennedy, executive council, George S. Meredith, Oakland; Frank C. Mortimer, Berkeley; C. J. Hall, Pasadena, and J. A. Stephens, Sacramento.

W. R. Williams, State Superintendent of Banks, at the morning session, today urged the bankers to aid legislation by advising the law makers and to assist in the movement for rural credits.

John Clausen of San Francisco told the bankers that world trade for the United States after the war would be lost without adequate preparation now by the nation.

Mr. Clausen asserted that the country needs more ships, more credits, more regiments of dependable men for the army and the navy and the business world and more lawyers for securing trade with other nations.

Norway in Fear of  
Big Labor Lockout

CHRISTIANA, Norway, May 19.—The government is considering a bill for compulsory arbitration in order to avert the lockout which the Employers' Association has announced will be put into effect June 3 against all union workmen. There is a grave feeling here that if the lockout is not prevented an internal conflict will be brought about which might prove a national disaster.

Charge of Cruelty  
Denied by Wife

SAN FRANCISCO, May 19.—Mrs. Belle Hauptman, wife of Sidney M. Hauptman, secretary of the Charles R. McCormick Land Company, denied all her husband's divorce action filed in the superior court today. She asks that the suit be dismissed. Hauptman recited at length an incident last Thanksgiving when, he said, his wife had left their home, deserting him when he had invited guests for dinner. This Mrs. Hauptman repudiated and also takes issue with the other charges in a somewhat voluminous complaint.

MURDER OF  
WOMAN STILL  
IS UNSOLVEDBloody Trail of Taxicab  
Traced, But Yields  
No CluePortland Baffled by a  
Crime in Which Two  
Lost Lives

PORTLAND, Ore., May 19.—The murder of Mrs. Helen C. Jennings and the supposed murder of Fred Ristman, it is believed, may have resulted themselves into the most baffling mystery in local police annals.

A motive for the crimes is undiscovered.

What impelled the fiend, who swung a sledgehammer and crushed the skull of Mrs. Jennings while she slept? The police ask. What did he do with Ristman's body? Why did he leave Ristman's blood-spattered automobile standing outside the Jennings' home after disposing of the jitney driver's remains?

Bennett Thompson, held in jail as a suspect, has been practically exonerated. He made no attempt to run away after he learned that he was wanted. He went to see his mother, "squared it with her," and waited for her to take him down when detectives arrested him. Thompson says he has a complete alibi.

The blood-stained shirt sleeve found on the country road was not Ristman's, his wife declared yesterday.

The rest of the shirt, from which all means of identification have been carefully removed, was found last night beside a pool of water where the murderer evidently stopped to wash the blood-stains from his hands. The shirt is a size too small for Bennett Thompson.

A silent medium has been called to the aid of the detectives. It told them they would find Ristman's body in a certain part of the Fountain river. The river bed was dragged three feet without results.

It was pointed out that there was no certainty that even Ristman's missing passenger was the murderer. A fourth person might have murdered Ristman, his passenger and Mrs. Jennings, who was asleep in her own home.

RECEIVERSHIP IS  
NOW UP TO COURT

United Properties Action Is  
Opened With Fight Among  
Litigants.

SAN FRANCISCO, May 19.—With attorneys for E. M. Smith, R. G. Hanford and W. S. Davis vigorously opposing the application, Superior Judge Sewall took under advisement the request of M. A. Anderson for the appointment of a receiver for the United Properties Company.

Anderson, who is suing to recover \$150,000 from the corporation, declares that if a receiver is not appointed there will soon be no assets left.

Today, when Anderson's attorney, Burnell White, had stated the case, Fabian Clark, counsel for C. N. Beal, who six months ago started an action for a return to the treasury of the United Properties Company of \$18,000,000 worth of stock, entered an objection. He declared that if any receiver should be appointed it ought to be in the stock suit and not in the present action.

Hennell stated the objection on the part of the defendants, including Smith, Tevis and Hanford. Attorney White asserted that he would resist any application for a receiver in the stockholders' suit on the ground of his belief that Smith, Tevis and Hanford were seeking by the means of that action to keep the control of the situation in their own hands.

He pointed out that his suit had been begun nearly two years before that filed by Beal.

Women to Wage  
Half Fare Fight  
Councils of East Bay  
Given Notice

Women of the Federated Mothers clubs and civic organizations of Oakland, Berkeley, Alameda and the adjoining cities have sent notification to the city councils of all these communities announcing the commencement of a campaign in favor of half fares on the street cars for school children. The women announce that they are weary of waiting for the city officials to do something in behalf of the school children and that they are ready to force the issue to a successful campaign for this betterment.

Los Angeles, San Francisco, Portland and other cities have gained this improvement for the school children, and in a city of large distances such as Oakland, it is essential, the clubwomen declare, that school children should be permitted to enjoy a reduced schedule.

The women point out that in the higher grades, the intermediate schools, high schools and vocational schools, children are forced to travel considerable distances from their homes and are forced to make use of the street cars. In the case of many families this outlay is a burdensome one that operates occasionally to prevent a child from completing his course of study.

## 'FUNDS INTACT,' DECLARES MATCHES

Gray Taxi Company Manager  
Wires From New York  
His Explanation.

SAN FRANCISCO, May 18.—Denials today followed the publication of statements made by Allen Meyer, who exercises power of attorney for Gilbert M. Anderson, that there were glaring discrepancies in the accounts of the Gray Taxi Company.

Robt. Matches, former president and manager of the Gray Taxi Company, who, Meyer declared, left San Francisco unexpectedly, telegraphed from New York yesterday saying that "any statements or insinuations made by Meyer about shortfalls in Gray Taxi due to me or to my management are deliberate lies. I still have my interest in the company and resigned voluntarily to give my entire attention to my aeroplane interests."

William M. Ardelt, attorney for Matches, gave out a statement as follows: "In the article mentioned Allen Meyer is quoted as saying without qualification that the loss was directly traceable to Matches; that, after employing an expert to audit the books, discrepancies were found and 'day after day they grew until at the end of two weeks the books showed a shortage of approximately \$18,000.' That Meyer discussed the accounts with Matches and Matches admitted he was at fault."

As attorney for Mr. Matches, I declare the charges to be absolutely false in point of fact and inference."

Relating to the automobile which, it is claimed, belonged to the Gray Taxi Company and which was sold by Matches, I will say that he sold the machine because he had a right to sell it, for the very good reason that it belonged to him and not to the Gray Taxi Company.

Meyer repeated the statements he made Tuesday night concerning the Gray Taxi Company's accounts. He expressed the belief that Matches would not return to San Francisco to answer in person the charges made by Meyer concerning the management of the taxi company.

YOU may not like fine coffee—there are people who don't. There are people who don't like Mary Pickford.

But, if coffee means more to you than merely a hot drink, you'll like the smooth, rich flavor of Schilling's Best.

It is not only good coffee—it is economical.

The price by the pound is the price of good coffee—but there are more cups in a pound. To get best results, follow directions in the airtight tins. You can easily prove its economy.

Schilling's Best is sold through grocers only. It is evenly ground, and then immediately packed in vacuum-sealed tins, which preserve all its prime flavor. You get it all in your coffee cup.

**TEA FOR YOUNG SCULPTORS.**  
Surrounded by plaster models and small machines, Mrs. Robert H. Van Sant and Mrs. Leonard Earle Bacon gave one of the most interesting teas of the week this afternoon in the Studio building in San Francisco for Miss Jeanie Polin and Miss Estelle Fiero, two sculptors who recently joined the artistic colony across the bay. Many of the smart set from Oakland and Berkeley as well as San Francisco attended this affair, which was held in the studio of the honor guests. Unlike the places where dilettante paint and model, the new arrivals is more of a workshop, and there were few decorations other than masses of brilliant flowers of futuristic colors. Both Mrs. Van Sant and Mrs. Bacon have spent the last few years abroad winning recognition and exhibiting in various salons until the war drove them back to this country together with many other gifted American men and women.

Those who were asked to meet them included Mrs. Wickham Hays, Mrs. Alth Chelkering, Mrs. Frank H. Proctor, Mrs. Charles Keeney, Mrs. Edward McNear, Mrs. Harvey Goodman, Mrs. Robert Hays Van Sant Sr., Mrs. Alan Freeman, Mrs. Homer King, Mrs. Hazel King, Mrs. Adrienne Appleton, Mrs. Robert Newell, Mrs. William Cavaller, Mrs. William Huntley, Mrs. William Thornton White, Mrs. Lawrence (Clarie), Mrs. Harry Mann, Mrs. Lester (Gibbie), Mrs. Charles Blyth, Mrs. Lester Greene, Miss Genevieve King, Miss Dorothy Danforth, Miss Edna Dye, Miss Brandon Brady, Mrs. Arthur Brown, Henry Ray Sander, Mrs. Julia Weber, Mrs. Theodore Wores, Mrs. Julia Weber and many others.

**THE DORNING-CAESAR WEDDING.**  
St. John's Episcopal Church in Berkeley will be the scene of one of the most elaborate weddings the college town has witnessed in many moons tomorrow evening at 8 o'clock when Miss Alice Dornin becomes the bride of George Vandorbill Caesar of Seattle. Several hundred will be present at the church ceremony and afterward there will be a reception at the Dornin home for the relatives and more than a hundred of the closer friends of both families. ## Money Adds Mystery to Man's Sudden Death

ROSEBURG, Ore., May 18.—A man whose lifeless body was found beside the county road, a short distance north of Drain early Wednesday was Ephraim Wanless of Salem, according to belief expressed by Coroner Jewett, who returned here today after investigating the case.

The dead man had \$101 in coin in his pockets and papers showing deposits of over \$2500 in a bank at Phoenix, Arizona, besides valuable securities. He was traveling north by private conveyance and stopped near Comstock Tuesday night,

where he camped. He arose early Wednesday morning and was preparing to resume his journey when he suddenly fell to the ground and expired. He was apparently about 50 years of age.

**ONE-POUND BABY DIES.**  
BROOKLYN, N. Y., May 18.—The mite of a baby weighing only a pound, born to Mrs. William Davis of 104 Twelfth street, College Point, and kept alive in an incubator improvised from a soap box, died early today in spite of every effort to keep it alive. Dr. Biffar, who attended the mother and made the incubator, said that the youngster had so little vitality that it could not live. From Monday, when it was born, until today, life had been preserved by artificial means.

## RECALL PETITIONS. CENTER OF FIGHT

Signatures and Withdrawals in Jackson Struggle Hold Attention.

If the friends of Commissioner F. T. Jackson obtain a little better than 100 withdrawals a day for the next seven days during which the recall petition is being verified by City Clerk L. W. Cummings, there will be no recall election. The men who have been working to obtain withdrawals have bettered that record and claim that they will have no difficulty in quashing the possibility of the election.

This conclusion is based on the following figures and estimates:

Dr. Mabel Anthony filed 844 new certificates to the recall petition last night.

City Clerk Cummings threw out on an average 23 per cent of the original recall petition filed by Dr. Anthony. This would make approximately 844 rejections as the probable result of the verification of the amended petition.

**CUTS NUMBER DOWN.** Subtracting the probable rejections from 844 filed, leaves 2860 as the probable number of good certificates. The original petition fell short of the necessary 8475 by 1715. Subtracting this 1766 from 2860 leaves the recall forces only 1194 to the good or as a margin of safety.

Dr. Jackson's friends have already obtained approximately 600 withdrawals, which reduces the margin of safety to 594. The Jacksons have seven days in which to reduce this margin of safety to zero. They declare that they will have no difficulty in getting over 1000 withdrawals, as it is alleged that many of the signatures were obtained under false pretenses.

**MORE MUST GO.** Rasmus Altherton, the verification deputy whose certificates were thrown out because he had registered from a vacant lot and had given that as his address when being sworn in as a deputy, has filed about twenty-four certificates as part of the supplementary petition. These the city clerk will undoubtedly reject. A number of others, on casual inspection, have been found to be wanting the proper dates, signatures or addresses. It is also declared that a large number, estimated at 400, represented names not registered. There is also the question of the names obtained during the ten days the city clerk was engaged in verifying the original petition. The legal status of these has not been determined.

## 60 Girls Will Appear as Bathers at Carnival

Sixty girls in the latest and most up-to-date bathing costumes, come in athletic modes and some in the garb of dancing girls, will be seen at the Soto baths, San Francisco, tomorrow, as participants in the big water carnival to be held under the direction of the relief committee for the war sufferers of Belgium and Northern France. They will bathe, fence, dance, dive and swim both afternoon and evening in the cause of charity.

And pretty girls will not be all of the show, either, for the hustling crimmies, boxers and all-round athletes of the transbay cities to the number of more than forty, will be on the job and promise to stage a program of both aquatic and other sports more elaborate than any seen here in a long time.

## JENNINGS TELLS WATERFRONT PLANS

Financier Makes Statement  
Outlining Proposition to  
Harbor Lease.

In order that the public may more thoroughly understand the proposition now being considered to develop Oakland's western waterfront, Rufus P. Jennings made the following statement today:

"It is a well understood fact that the city of Oakland cannot part with the control of its waterfront and P. M. Smith's proposition does not in any way imply that it is so desired, even were such a thing possible. On the contrary it is specifically provided that the docks and wharves when constructed shall be available to the general commerce of the port and become and remain for all time, the property of and under the management of the city, and that all tolls, wharf and dockage charges shall go to the city treasury.

"It is contemplated that the land back of the bulkhead, it is proposed to lease (the ownership of which will remain in the city), shall be used for the requirements of commerce and navigation as a public utility, subject to the jurisdiction, control and regulation of the State Railroad Commission.

**WOULD CREATE FACILITIES.** "As everyone knows no use would be made of docks and wharves, no matter how attractively constructed and located, unless freight were offered to pass over them. By creating modern warehouses and factories on the adjoining land, facilities will be created that will bring the freight to the docks, as well as provide proper means for handling incoming cargo. There will be adequate railway connections with the docks and wharves and factories, so that all railroads will have access to these terminal facilities, which will include the latest known appliances for handling all classes of tonnage.

"Oakland will thus have, without the outlay of any money, a freight terminal constructed on the most approved up-to-date lines that will attract shipping and other commercial activities that would not otherwise be attracted.

**CENTRALIZED PLAN.**

"No one will question the importance of having this waterfront developed under a comprehensive and centralized plan in the manner indicated, otherwise, by leasing a part here and a part there, there could be but one result—a hodge-podge.

"Naturally, the first work to be done, and which we propose to do, is the dredging of the basin, giving access to the docks for deep draft vessels, using the material dredged to fill the land now covered with water. This work should be started and completed at the earliest possible time, in order that docks, warehouse and factory sites may be made available without unnecessary delay."

## Burglars Rob Home While Owner Is Out

Entering by the front door while the owner was away, burglars last night ransacked the home of a resident of Twenty-second street, stealing a watch, a diamond ring and other valuables, as well as a small savings bank containing \$5.

While Antonio Tuveson was in a cafe on Telegraph avenue, according to his report to the police, he was robbed by pickpockets last night of \$7 in coin and small jewelry worth \$5. The police are investigating.

Mrs. Lillian Lawrence and Lillian Walters, who were with him at the time, were arrested and held for investigation. Bert A. Perkins, 1008 Bridge street, reports a small house in the rear of that address entered and small tools taken.

## Woman Bitten by Dog Fears Rabies

While playing with a pet dog, Mrs. G. F. Pfaffenberger was bitten last evening by the animal, and is now under the care of a physician. The dog is under examination for rabies. According to Mrs. Pfaffenberger she was teasing the animal. She declares that it had not been ill, and that she believes it is not affected, but is having it examined as a precaution. The accident occurred at her home 5880 Lawton avenue.

## LOST RIVER FOUND.

ORLEANS, Ind., May 19.—Drillers engaged in sinking wells for the new waterworks system struck a powerful stream of water at a depth of 20 feet.

It is believed the men drilled into a well, which is 112 feet deep and through branch of the historic Lost River or sold rock for more than twenty feet, an underground cavern. The top of the water appears to be of the same flowing water can be plainly located for miles and miles in the deep well, some distance, and despite the fact that the phenomenon is creating much excitement, it is only a hundred feet from another stream.

## HEALED BY CUTICURA SOAP AND OINTMENT

"When my baby was only a few days old her whole scalp became irritated. It turned into a scaly mass and the hair would come off with the scales. Her scalp was covered with large, red splotches, and her hair was thin. Her scalp itched and that caused her to scratch her head. Her scalp was disfigured and looked badly."

"I sent for a free sample of Cuticura Soap and Ointment and afterwards bought a further supply. I used them steadily for just one month and her head is as clean as her face, and her hair thick and beautiful." (Signed) Mrs. Charles Regels, Box 44, Santa Anita, Cal., July 18, 1915.

## MILLIONAIRE ENO 'DEAD AT TOP'

Valet Led Him to Bed by Ear, Is Alleged in Court.

NEW YORK, May 19.—Amos Eno, a bachelor, who died October 22, 1915, in his eighty-second year and left an estate valued at \$13,000,000, was described in proceedings before the surrogate here today as one who, for months prior to his demise, was "like a tree that had died at the top."

Counsel for relatives who are contesting the Eno will, by terms of which Columbia University would receive nearly \$9,000,000, declared that witnesses would testify that Eno's valet "used to lead him to bed by the ear."

For twenty years, it was said, Eno "had been making wills," and the contestants claim that he was a victim of senile dementia.

The upholders of the will denied that any undue influence had been exercised upon Eno, adding that the contest in reality was started by the relatives "because they had been forgotten."

Senator George J. Haas will head the committee of judges, the other members being Assemblymen Harry A. Enell and George Goldner and Supervisors John F. Mullins and Charles W. Hever.

J. C. Holland, floor manager, will be assisted by the Fruitvale acre drill team as a floor committee. Sheriff Frank Harnett will lead the grand march. The ushers will be members of the Fruitvale drum corps.

An interesting feature will be staged by the Berkeley delegation, representing California acie. A drill figure in costume will be presented, ending with a display of the Eagle.

A. A. Barber is chairman of the general committee. In receiving the guests an auxiliary committee of women will assist the floor committee. The committee will include the Mesdames J. C. Holland, P. H. Blake, A. H. Freund, W. J. O'Neill, A. A. Barber, Hans Koford, Owen Paul, J. W. Howard, E. L. Berry and Edward Jorgensen.
